A word about the breeders who have joined to make this auction possible . . .

L. F. Boyle & Son

"Landy" Boyle, the senior member of this firm, is a veteran in the Shorthorn cattle industry. Always progressive, always alert to the improvements that are possible in the live stock industry, he has become one of the most widely known animal husbandmen in the country. His son, Marshall L. Boyle, known everywhere as "Mickey" Boyle and junior member of the firm, is recognized as one of the leaders of the day in Polled Shorthorn circles. Animals developed under his supervision have won highest honors in the country's strongest shows and have consistently sold at the top of leading consignment sales. "Mickey" has made two trips to Australia and New Zealand in the interest of Polled Shorthorns and the animals he has delivered are looked upon as the foundation of the breed in those important cattle countries. In this sale will be found the finest group of Polled Shorthorns ever offered by Boyle & Son. They are certain to add further prestige to this already famous herd.

N. J. Busch

Here is a leading Peoria business man who has gained both pleasure and profit from the maintaining of his fine herd of Polled Shorthorns. He lives on his beautiful Cedar Hills Farm near Chillicothe, Illinois, manages the land and livestock personally, and works with his cattle daily. His herd was founded on a basis of greatest possible strength and utmost permanency. He knows good Polled Shorthorns, produces good Polled Shorthorns and the most loyal of his wide circle of friends are those who have bought Polled Shorthorns from him. His consignment to this sale is exceptionally strong.

Mr. and Mrs. Timothy A. Collins

"Tim" Collins, a Chicago investment banker, and his wife have built the Collinsby Herd together. Both are expert judges and the names of both appear at the top of the list of the most loyal Polled Shorthorn boosters. In founding their herd they left no stone unturned to acquire top individuals that were backed by top bloodlines and the Collinsby productions all display the character, quality and style that can result only from such seed. They have supplied a fine consignment for this important auction.

Buy Good Polled Shorthorns

The cattle for this sale have been supplied from three of the top herds of the breed. Each owner enjoys a perfect reputation for honesty and integrity and each has made a splendid contribution to the advancement of the Polled Shorthorn industry. Those who are familiar with the bloodlines that have accomplished most for the breed during the past decade will be delighted with the pedigrees in this catalog. Each animal is sired by a bull that has made history and each is from a fashionable and highly profitable family.

On the occasion of my recent visit to the farms of the three consignors I was very favorably impressed with the individuality of the cattle that are to be sold in this sale. All of the younger cattle are well developed, top individuals and this group includes many show prospects. Fortunately the sale will include a liberal number of exceptionally good cows with calves at foot and rebred, the kind that always prove profitable to the buyers. The bulls in the offering are the kind that will make history.

The problem of investing surplus funds and of utilizing large stores of rough feed is confronting many farmers and breeders at this time. I can think of no better solution than to invest in the kind of cattle that are being offered from these three widely and favorably known herds.

Hal Longley
of The Shorthorn World

Polled Shorthorns are the most practical and most profitable cattle for Corn Belt farms today. Packer buyers pay a premium for fat cattle without horns; farmer bull buyers prefer the hornless type; small breeders are buying Polled bulls in order to more easily fill the farmer needs; there is no doubt but that Polled Shorthorns are the "Ultimate Type." The future is bright. Present prices are moderate. Why not buy now? This sale provides an excellent source of supply for the kind upon which successful herds may be founded.

Please Note . . .

This sale will occur on the day prior to the Illinois Polled Shorthorn Breeders' Association Annual Fall Show and Sale which is to be held at the Illinois Normal University Farm, Normal, Illinois on November 3d. The two sales are approximately 60 miles apart and there will be plenty of auto transportation available for all who do not drive their own cars. The management will gladly cooperate in the assembling of cattle that are purchased in the two sales.

When the 1945 Polled Shorthorn Congress Show and sale was held at Memphis, the Illinois committee selected five heifers sired by Maxwalton Walkaway x as the best representatives for the State Group show. This group stood second among all state groups. The five heifers are shown above.

The Boyle Consignment . . .

Because of certain changes that are being made in the ownership of the Boyle lands, the herd of Polled Shorthorns owned by L. F. Boyle and Son is being divided about evenly with the public through the means of this sale. The famous herd bull Maxwalton Walkaway x is to be sold and approximately half of the females in each age bracket are listed in this auction. Under such conditions, cattle are being offered that would not otherwise be available. The Boyle pedigrees in this catalog speak for themselves and the cattle will speak for themselves on sale day. Nearly all females in the Boyle consignment have been vaccinated for Bangs and all have passed clean tests for both Bangs and Tuberculosis within 30 days prior to the sale.

Five daughters of Maxwalton Walkaway x2059942, which were sold in the Polled Shorthorn Congress Sale by Marshall L. Boyle, Hennepin, Illinois. Patsy Boyle, daughter of Mr. and Mrs. Marshall L. Boyle, in foreground. Three of these heifers were purchased by Bert A. Hanson, Vernon Center, Minnesota, and one each by Park Cypert, Georgetown, Arkansas, and Cedar Hills Farm, Chillicothe, Illinois.

Who Will Be the Fortunate New Owner of Maxwalton Walkaway x ?

Maxwalton Walkaway x, right now at the height of his breeding career, will be sold in this sale. All cows left in the Boyle herd are in calf to him and most of the heifers left in the herd are by him. Two of his outstanding sons have been retained for herd service. He is very sure, has never been kept in an overfat condition and always has been in perfect health. He has been a sure dehorner when used on polled cows, his calves have been superior individuals and of perfect color. Whenever and wherever his calves have been offered, the bidding has quickened and top prices have resulted. He is only five years old and is recognized everywhere as one of the most famous sires of the breed. Who will be the fortunate new owner of Maxwalton Walkaway?

The World Appreciates Polled Shorthorns

No other breed has enjoyed greater popularity among stockmen in foreign countries as witnessed by the export trade, than Polled Shorthorns. The great strides made in breed improvement have been recognized by leading breeders of cattle in 10 countries: Argentina, Australia, Brazil, Canada, Dominican Republic, New Zealand, Scotland, South Africa, Uruguay, and Venezuela. Of added significance is the fact that most of these exportations have been made during the last few years regardless of war and uncertainties in world conditions. When stockmen the world over put that much faith in the breed, then we say that Polled Shorthorns have a definitely established future. Polled Shorthorns offer hornlessness plus coveted weight-for-age, correct type, quality, gentleness, milking ability, thrift, economy, long productivity, and pleasure.

opportunities like this are few

Collynie Count x, chief stock bull in the Busch herd. Photo shows him in his calf-hood form. This son of Collynie Type 3d is proving a great sire. His calves are a feature of this sale. For reference only.

The Cedar Hills Consignment . . .

Confronted with the problem of reducing the herd in order to make room for a large new calf crop, Mr. and Mrs. N. J. Busch are listing in this sale the best group of Polled Shorthorns ever offered from their herd. The three bulls are exceptionally promising, the six cows are the kind that will be tops wherever they go and the five red and dark roan heifers sired by Collynie Count x are a perfect group for foundation purposes. Cedar Hills' bloodlines are strong and Cedar Hills' individuality is high . . . factors that will be very evident to all who attend this sale.

Cedar Hills Charmer x, a double grandson of the International grand champion Cherry Coronet x that is being retained for service in the Cedar Hills herd. For reference only.

Mina of Cedar Hills 4th x—A nice, straight lined, well grown heifer belonging to a family of good producers and good milkers. We feel sure that she will make a valuable brood cow.

Feed production and feeding as well as attractive road and entrance signs are stressed in these pictures from Collins Farms, LaCrosse, Indiana. At the upper left are some of the good-colored, deep, thick-fleshed Polled Shorthorn cows of the Collins herd. Back of the sign with the arrow is a field of forage while on both sides of the lane leading to the farmstead are meadows. At the lower left is an improvised creep by which calves are allowed to eat grain while following their dams on pasture.

The Collinsby Consignment . . .

The four bulls and eleven females offered in this sale from the herd of Mr. and Mrs. T. A. Collins are superior individuals and backed by exceptionally strong Scotch bloodlines. Featured will be the get and service of Collinsby Collynie x and Collinsby Commando x, two of today's greatest Polled Shorthorn sires. Collinsby Polled Shorthorns have proved profitable to all who have acquired them. Ask the man who owns one.

Mrs. Leonard Kunzler, wife of the manager drives a grand bunch of Polled Shorthorn cows up the lane at Collins Farm.
